

MaxPreps Release Form
Varsity Girls Basketball 2017-2018

The national high school basketball web site, MaxPreps, permits teams to list information about themselves, post their season game schedule, contact other teams for games, and post photos and videos. Maintaining a MaxPreps page makes our team visible in the national high school basketball community, permits us to be ranked by national homeschool sports organizations such as HomeSchoolLive365, and permits our college-bound athletes to be scouted by colleges.

Posting each player's statistics allows team averages to be figured and tracked through the season, and also allows each player to track her own progress during the season and easily obtain season totals and averages.

Some families prefer that their daughter's name not be used in a public web site such as MaxPreps, or that her statistics not be available. They may request that she be posted anonymously, which permits our team to list valid team total statistics while protecting individual identity.

Parent/guardian's permission to have your daughter included on the Durham Flight Varsity Girls MaxPreps page:

I, the undersigned parent or legal guardian of the participant, a minor, grant to Durham Flight Homeschool Athletics the right to take photographs and/or videos of my child, and to post my child's name and game statistics on MaxPreps.

(Option) I prefer to have my daughter's statistics posted anonymously: ____ (please check here)
